COVID-19 is a serious and highly communicable disease. According to the Centers for Disease Control and Prevention, senior citizens and individuals with underlying medical conditions are especially vulnerable. An inherent risk of exposure to COVID-19 exists in any public place where people are present. Although The Center at Mariandale asks all guests and staff to observe certain precautions, there is no assurance of protection from exposure to COVID-19 while visiting or staying at The Center at Mariandale. The risk of exposure to COVID-19 is voluntarily assumed by all guests and registrants.

I have read the informed consent and accept the risk of visiting or staying overnight at The Center at Mariandale. I also agree to inform The Center at Mariandale in the event that I test positive for COVID-19 within 14 days of my visit. (Please call 914-941-4455, ext 100 to leave a confidential voicemail.)

I voluntarily provide my contact information in the event that contact tracing becomes necessary.
